CESA #3 Annual Meeting Report

Jennings and Glasbrenner attended the CESA #3 annual meeting. They outlined services they provide and we do get many from them. One item to discuss is collective purchasing with other districts through them.

Update on School District Operations from Administration

Knoll has been involved in training this summer related to Title IX, behavioral issues, and chronic absenteeism.

Peterson noted that there were 35 students at summer school as a jump start to the next grade and 1st graders getting used to a new building and meeting with their teachers. We will be adopting a new math curriculum and inservice time was used for implementing the program with teachers. Act 20 is still being discussed.

Blakley noted that the administrative team has been working on the staff inservice agenda and safety training. High school athletes have been back at the high school to get ready for fall sports.

Mahoney noted that he has now been in the Business Manager position for 6 weeks. He thanked the Board for their patience and support while he is learning. He went through last year's budget with the help of CESA 5 mentor services and is finalizing grants and claims from last year. Before the 24-25 budget can be finalized, we need to finalize last year's budget. Brian Krey has been providing him with some support for day to day operations.

Hegland state that athletics/activities are starting for the fall with good attendance at strength and conditioning sessions. The fall sports meeting was held last week, football started this week, swimming starts next week, and the remaining fall sports start on September 19. He and Officer Kurek have been busy with safety training. Training on the standard response protocol and reunification process will occur with staff during inservice activities. Hegland, Glasbrenner, Mahoney, and Shawn Duren attended cybersecurity training.
