

**After the outcome of the April 2 vote, we need additional information to help the River Valley School District take next steps.**

**Our initial survey found that 74% of residents who responded believed the district should further consolidate and close the Plain building. But, to do so, we need to transition grades and accommodate the move. Yet, when we asked for funding, the votes did not align.**

**The information gathered in this survey will provide focus to the Board of Education on which projects our community will support. All answers will remain anonymous and no email addresses will be collected.**
